PELLICOLE ATERMICHE OSCURANTI

Eliminano l'eccessivo bagliore. Aumentano la "privacy" per gli occupanti. Cambiano il look della vettura. Proteggono l'interno della vettura dai raggi ultravioletti. Adesivo ad acqua, kit di montaggio con cutter, spatolina e istruzioni dettagliate..

CAR WINDOW FILMS

Reduce glare, interior heat and costly UV damage to your vehicles interior. Films can reject up to 70% of the sun's total energy, acting as a sunscreen, thus helping protect passengers from the damaging effects of ultra violet. Dyed film, water-base adhesive. Kits come with fitting tools, instruction manual and copy of ABG approval.

**QUALITÀ
GARANTITA**

**CERTIFICAZIONE
EUROPEA E
OMOLOGAZIONE ABG
ABG APPROVED**

Ogni confezione contiene il kit di montaggio con cutter, spatolina e istruzioni di montaggio dettagliate

Safety

SAFETY, PELLICOLA DI SICUREZZA TRASPARENTE

Conforme alle norme 6.3.4 UNI 7172. Specifica per uso agonistico. Trattiene le schegge di vetro in caso di incidente. È inoltre indicata per un utilizzo non agonistico come protezione antisfondamento ed antintrusione. L'alta percentuale di luce visibile trasmessa la rende idonea anche per il montaggio sui cristalli laterali anteriori.

SAFETY, WINDOW FILM CLEAR

Meets 6.3.4 UNI 7172 standards. Specially made for racing cars, it prevents glass fragments from being projected in the car interior in case of an accident. This unique safety feature, on road cars, prevents also intrusions and car thefts
