

Blu-Xe

Fascio luce ultra-bianco, simile alle lampade xenon.

Alta luminosità, 20% più brillantezza delle tradizionali lampade alogene. È sufficiente sostituire le tradizionali lampade di serie con Blu-Xe ed ottenere un fascio luce ultra-bianco simile ai proiettori a scarica di gas (HID).

H.I.D. WHITE

+20%

Normale

Blu-Xe

Lampade omologate per uso stradale. Lamps approved for road use.

Lampade ad alta potenza, uso competizione e fuoristrada, non omologate per uso stradale.

High power lamps for off-road and racing use. Not approved for road use.
