AutoSock è un nuovissimo tipo di dispositivo antiscivolo che mira ad aumentare l'attrito delle ruote su strade innevate e con presenza di ghiaccio:

- **facile e veloce da montare e rimuovere anche in condizioni meteorologiche avverse.**
- leggero e facile da riporre.
- comodo durante la guida, non provoca vibrazioni o rumori
- si centra da solo
- riutilizzabile e lavabile in lavatrice
- riciclabile ed ecologico, non reca danni all'ambiente
- non danneggia i cerchi
- incrementa l'efficienza dei sistemi elettronici di sicurezza (ABS, ESP, ETS, ASR, DSC)
